WE EMBRACE GLOBALISM TO OUR CLIENTS' ADVANTAGE

Through a combination of Informa Financial Intelligence's proprietary performance screens, [*PSN Top Guns](#) (*free registration to view Top Guns) ranks products in six proprietary categories in over 50 universes. This is a well-respected quarterly ranking and is widely used by institutional asset managers and investors. Informa Financial Intelligence is part of Informa plc, a leading provider of critical decision-making solutions and custom services to financial institutions.

Top Gun firms are awarded a rating ranging from one to six stars, with the number of stars representing continued performance over time.

LM Capital Group's Short-Term strategy was named Top Gun 4-star rating in the PSN Short Term Maturity Universe. Four Star winners have an r-squared of 0.80 or greater relative to the style benchmark for the recent five-year period. Moreover, returns must have exceeded the appropriate style benchmark for the three latest three-year rolling periods. The top ten returns for the latest three-year period then become the 4 Star Top Guns.

The Active Core Plus strategy received a Top Gun 2-star rating in the PSN Intermediate Core Plus Universe. Two Star winners had one of the top ten returns for the one-year period in their universe.

"Both strategies benefited from the firm's focus on higher quality issues," said John Chalker, Managing Director at LM Capital Group. "That was especially helpful in the Active Core Plus strategy which experienced very high volatility in early 2020 due to impacts from COVID-19 and our limited exposure to high yield and emerging market debt was also quite helpful."

"Congratulations to LM Capital Group for being recognized as a PSN Top Gun," said [Ryan Nauman](#), **Market Strategist at Informa Financial Intelligence's Zephyr**. "This highly esteemed designation allows us to recognize success, excellence and performance of leading investment managers each quarter."
